

# YOUR SAFETY, OUR PRIORITY!

Dès **14 ANS**

## 1 DOOR REINFORCEMENTS

All Ligier door frames are equipped with an oversized longitudinal aluminium beam, reinforcing the passenger compartment.

## 2 FRONT AND REAR DISC BRAKES

Your Ligier is the only light quadricycle equipped with front and rear disc brakes for enhanced efficiency and bite.

## 3 CERTIFIED ROAD HOLDING

Ligier vehicles have been recognised for their handling and dynamic behaviour, exceeding standards thanks to Ligier's historic expertise in suspension and steering.

## 4 POWER STEERING

Ligier Group is the only manufacturer of light quadricycles to propose a power steering on its vehicles.

## 5 DUAL WINDSCREEN WIPERS

Two windscreen wipers are always more efficient than one. This exclusive LIGIER feature guarantees the best wiping capacity on the market: 85 % of your windscreen, well above regulatory standards!

## 6 LED DAYTIME RUNNING LIGHTS

For optimal visibility during the day, the daytime running lights automatically come on whenever the headlights are not in use. LED technology ensures exceptional illumination and low energy consumption.

**EXCLUSIVE!**

**1 + 1 = DUAL WINDSCREEN WIPERS UNBEATABLE VISIBILITY**

Ligier's dual windscreen wiper is the only product on the market capable of covering such a large windscreen surface. Optimal visibility, for maximum safety.

## CRASH-TEST ON ALL OUR MODELS, YOUR SAFETY COMES FIRST!

We put all our models through crash tests with dummies. Throughout the development process, engineers also carry out virtual tests on a computer in order to develop all the essential components to keep users safe on the road. These technical simulations allow our teams to ensure intelligent and complete safety, providing maximum survival space in the event of a crash.

SPORT RANGE

## REDLINE MADE FOR LIFESTYLE

The REDLINE kit enhances the sporty look of the Sport range: Toledo red stickers and inserts beneath the headlights, door spoilers and sport spoiler on the rear bumper.

## PIONEER 6.0 HI-FI PACK MADE FOR MUSIC

The Sport Ultimate finish comes with a 6.0 hi-fi kit as standard. Featuring a touch screen Double DIN radio with 6.2" display and a parking camera, the JS50 Sport is fitted out for an exceptional acoustic experience.
